

Review of the Electronic and Industrial Distribution Industries

NEDA member companies receive one complimentary copy of the *Review* per publication. Additional subscriptions may be purchased for a fee of \$20.00 per year or \$12.00 per copy, plus \$5.00 postage. Visit <http://www.nedassoc.org/pub.html> to place an order or contact Debbie Conyers at dconyers@nedassoc.org

Topic	Volume	Article Title	Authors
Manufacturing Shift	Volume 7, Number 1 - 2008	Impact of Manufacturing Shift From America to Foreign Markets on Small and Midsized Domestic Distributors	John M. Buenger, Dr. Kathy Newton, Dr. Edie Schmidt; Purdue University
Customer Service	Volume 7, Number 1 - 2008	A Re-Conceptualization of Customer Service Toward A Lean Systems Thinking Perspective For Distribution	Dr. Robert Teehan, Eastern Michigan University
Channel Management	Volume 7, Number 1 - 2008	Managing Multiple Channels of Distribution in Industrial Markets	Dr. Ursula Sullivan, University of Illinois, Urbana-Champaign; Dr. Tianjiao Qiu, California State University oot Long Beach; Dr. William Qualls, University of Illinois, Urbana-Champaign
Best Practices	Volume 7, Number 1 - 2008	Wholesale Distribution Operational Excellence: Best Practices In Information Management	Texas A&M University Supply Chain System Laboratory
Management	Volume 6, Number 2 - 2007	Managing Change: The role of CEO Carolyn Shelton - A NEDA Education Foundation Case and Discussion	Dr. Daniel Jennings, Texas A&M University
Lean Principles	Volume 6, Number 2 - 2007	Becoming "Lean" - Roadmap & Implementation	Dr. Barry Lawrence, Pradip Krishnadevarajan, Maharajan Chidambaram, Venkatachalam V., Texas A&M University
Vendor Managed Services	Volume 6, Number 2 - 2007	Supply Chain Reengineering - Vendor Managed Services (VMS), A Case Study	Dr. Barry Lawrence, Senthil Gunasekaran, Pradip Krishnadevarajan, Adhitya Vidyasankar, Texas A&M University, William Howard, Jr., Houston Plating & Coatings
Inventory Ordering Systems	Volume 6, Number 2 - 2007	Evaluating Cost Savings from Using Optimal Ordering Quantities for Inventory Classes	Dr. Warren Martin, University of Alabama at Birmingham; Robert Stanford, University of Alabama at Birmingham

Profitability	Volume 6, Number 2 - 2007	How Are Distributors Optimizing Profitability?	Dr. Barry Lawrence, Pradip Krishnadevarajan, Maharajan Chidambaram; Texas A&M University
E-Procurement	Volume 6, Number 2 - 2007	E-Procurement Adoption By Industrial Purchasing Professionals	Karen Norman Kennedy, University of Alabama at Birmingham, Dawn R. Deeter-Schmelz, Ohio University
Best Practices	Volume 6, Number 2 - 2007	Wholesale Distribution Operational Excellence: Best Practices In Information Management	Texas A&M University Supply Chain System Laboratory
VMI	Volume 6, Number 1 - 2007	Vendor Managed Inventory (VMI) Best Practices In A Distribution Environment	Sriram Rajagopalan, Cummins Filtration; F. Barry Lawrence, Texas A&M University; Pradip Krishnadevarajan, Texas A&M University
Product Pricing	Volume 6, Number 1 - 2007	Art or Science - How Do Distributors Approach The Price Equation	F. Barry Lawrence, Texas A&M University; Pradip Krishnadevarajan, Texas A&M University
Global Business Issues	Volume 6, Number 1 - 2007	China: An Overview and Market Entry Strategy For Industrial Distributors	Arunachalam Narayanan, Texas A&M; F. Barry Lawrence, Texas A&M University; Pradip Krishnadevarajan, Texas A&M University
Electronic Invoicing	Volume 6, Number 1 - 2007	Adoption of Electronic Invoicing By General Line distributors	Steven A. Epner, Purdue University; Kathyne Newton, Purdue University; Edie Schmidt, Purdue University; Donald Buskirk, Purdue University; Mark Schuyer, Purdue University
Best Practices	Volume 6, Number 1 - 2007	Wholesale Distribution Operational Excellence: Best Practices In Information Management	Texas A&M University Supply Chain System Laboratory
VMI	Volume 5, Number 2 - 2006	Development Of An Assessment Tool For Vendor-Managed Inventory Readiness	Becky S. Lewark, Purdue University; Kathyne A. Newton, Purdue University
Supply Chain	Volume 5, Number 2 - 2006	Network Rationalization Of A Building Products Supply Chain	Funda Sahin, The University of Tennessee; F. Barry Lawrence, Texas A&M University
Strategic Sourcing	Volume 5, Number 2 - 2006	Factors To Consider In Strategic Sourcing	Mike Wisma, Purdue University; Dr. Edie Schmidt, Purdue University; Dr. Linda Naimi, Purdue University

Sales	Volume 5, Number 2 - 2006	Some Antecedents Of Sales Agents' Satisfaction With The Agent/Principal Relationship	Richard A. Dunipace, Fairchild Semiconductors, Inc., John C. Crawford, University of North Texas, George W. Wynn, James Madison University, Rajasree K. Rajama, Fairfield University
Returns	Volume 5, Number 2 - 2006	Reverse Logistics Information Systems For Return Handling Processes	Hyun-Soo Kim, Kyonggi University, Korea; F. Barry Lawrence, Texas A&M University; Norm Clark, Texas A&M University
Returns	Volume 5, Number 2 - 2006	The Role Of Reverse Logistics Information Systems For Returns Handling Process In An Electronic Distribution Environment	Hyun-Soo Kim, Kyonggi University, Korea; F. Barry Lawrence, Texas A&M University; Ben Zoghi, Texas A&M University; Norm Clark, Texas A&M University
Cycle-Counting	Volume 5, Number 2 - 2006	A Comparison Of Cycle Counting Methods	Edie Walters; Edie K. Schmidt, Purdue University; Kathyne Newton, Purdue University
Communication	Volume 5, Number 2 - 2006	Enhancing An International Supply Chain's Communication	Marcy Astrup-Kistler, Purdue University; Edie Schmidt, Purdue University
Product	Volume 5, Number 1 - 2006	Improving the Product Introduction Processes of Mid-Capital Projects	Ken Rogoski, Cummins Engine; Dr. Edie Schmidt, Purdue University; Dr. Kathy Newton, Purdue University; Dr. Scott Homan, Purdue University
Operational Effectiveness	Volume 5, Number 1 - 2006	A Method for Defining a Relative Measure of Strategic Importance and Operational Effectiveness for Distribution Branch Operations	Phil Lunsford, East Carolina University; Richard Monroe, East Carolina University; Leslie Pagliari, East Carolina University
Human Resources	Volume 5, Number 1 - 2006	Voluntary Employee Turnover In The Industrial Distribution Sales Force: Conceptual Models And Implications	Laurie Kane-Sellers, Texas A&M University
Human Resources	Volume 5, Number 1 - 2006	Managing Cultural Diversity In A Global Strategic Alliance: Insights For Electronic Distributors	Daniel F. Jennings, Texas A&M University
Human Resources	Volume 5, Number 1 - 2006	Exploring The Relevancy Of Socio-Emotional And Transformational Leadership Factors Within Information Security Administration	Linda M. Kinczkowski, Eastern Michigan University

Human Resources	Volume 5, Number 1 - 2006	Women In Distribution And Logistics— <i>Barriers, Trends, and the Future</i>	Leslie R. Pagliari, East Carolina University; Craig Sanders, East Carolina University; Kathryn Griffin, East Carolina University
Channel Relationships	Volume 5, Number 1 - 2006	A Survey on the Shifting Channel Expectations Among Distributors And Manufacturers	Dr. Edie Schmidt, Purdue University; Dr. Kathy Newton, Purdue University
Services	Volume 4, Number 2 - 2005	Pricing Of Services In Wholesale-Distribution Industry	Rafay Ishfaq, Texas A&M University; Brian Reynolds, Texas A&M University; Behbood Zoghi, Texas A&M University
Marketing	Volume 4, Number 2 - 2005	Customer-Centric Marketing: The Case for Profiling Customers	Kathryne Newton, Purdue University; Chuck Holmes, Fastco, Inc; Edie Schmidt, Purdue University
Human Resources	Volume 4, Number 2 - 2005	Emotional Intelligence: Today's Sales And Hiring Advantage	John Boyless, Eastern Michigan University; Alfonso Bellamy, Eastern Michigan University
Human Resources	Volume 4, Number 2 - 2005	Electronics Industry Talent Pool Shortage Compounds Challenges Posed By A Multi-Generational Workforce	Laurie Kane-Sellers, Texas A&M University; Norm Clark, Texas A&M University
Business Models	Volume 4, Number 2 - 2005	The Concept Of Business Models: Insights And Issues	Daniel F. Jennings, Texas A&M University
Organizational Change	Volume 4, Number 1 - 2005	A Conceptual Tool for Predicting Organizational Change	Laurie Kane-Sellers, Texas A&M University
Micro-Electro-Mechanical Systems	Volume 4, Number 1 - 2005	An Overview of Micro Electro- Mechanical Systems	Stephen Thompson, Texas A&M University; Rafay Ishfaq, Texas A&M University; Young Keun Choi, Texas A&M University
Lean Principles	Volume 4, Number 1 - 2005	Distributor Process Improvements: Using Six-Sigma	Mike Lewis, Cummins Inc.; Edie Schmidt, Purdue University; Kathryne Newton, Purdue University
Continuing Education	Volume 4, Number 1 - 2005	Developing Continuing Professional Education For Vertical Markets: An Applications Study For The Electronics Distribution Industry Sector	Laurie Kane-Sellers, Texas A&M University; Norm Clark, Texas A&M University

Business Models	Volume 4, Number 1 - 2005	Strategy-Structure-Performance Relationships in a Hostile Environment: Prescriptions for Entrepreneurial and Conservative Electrical Distributors	Daniel F. Jennings, Texas A&M University; Kevin Handle, Shinbone University of Technology, Australia
Business Models	Volume 4, Number 1 - 2005	Value Creating Activities: Approaches to Improve Distributor Profitability	Daniel F. Jennings, Texas A&M University
Warehouse Design	Volume 3, Number 1- 2004	The Warehouse Layout Design Problem - A 'Made To Order' Approach For A Special Class Of Warehouse Layout Design Problems	Pradip Krishnadevarajan, Texas A&M University; F. Barry Lawrence, Texas A&M University
Manufacturer Rep	Volume 3, Number 1- 2004	Today's Manufacturers' Representative: A Profile	John C. Crawford, University of North Texas; Richard A. Dunipace, University of North Texas; George W. Wynn, James Madison University
Lean Principles	Volume 3, Number 1- 2004	The Lean Principles Necessary For Competitive Advantage	Edie K. Schmidt, Purdue University; Ben Robertson, Purdue University;Kathryne Newton, Purdue University
Human Resources	Volume 3, Number 1- 2004	HRD Challenges Of U.S. Headquartered Electronics Firms In China	M. Laura Kane-Sellers, Texas A&M University; Behbood Ben Zoghi, Texas A&M University; Stephen W. Thompson, Texas A&M University
Customer Relationships	Volume 3, Number 1- 2004	Objectifying The Market Analysis Process: A Tool For Identifying What Customers Value	M. Laura Kane-Sellers, Texas A&M University
Business Models	Volume 3, Number 1- 2004	Development of an Optimal Case Order Count Model to Reduce Errors for Distribution Operations	James L. Toppen, East Carolina University; Paul J. Kauffmann, East Carolina University; Leslie K. Pagliari, East Carolina University
Warehouse	Volume 2, Number 2 - 2003	Optimization Techniques For Warehouse Location: A Fluid Power Distributor In Western Canada – A Case Study	Dr. F. Barry Lawrence, Texas A&M University;Neeraj Chandaliya, Concentra Healthcare Management
Organizational Structure	Volume 2, Number 2 - 2003	Competitive Strategy And The Rise Of New Organizational Forms In The Semiconductor Industry	Dr. David Lei, Southern Methodist University

Management	Volume 2, Number 2 - 2003	Supply Chain Management at TI	Dr. Uday M. Apte, Southern Methodist University; Somit Joshi, Texas Instruments; Venu Vellanki, Benchmark Technologies
Inventory Management	Volume 2, Number 2 - 2003	Understanding The Cost Of Inventory Management - A NEDA Value Study Perspective	Dr. F. Barry Lawrence, Texas A&M University; Bharani Nagarathnam, Texas A&M University
Inventory Management	Volume 2, Number 2 - 2003	Project Plan for Improving Inventory and Warehouse Management Using Five-S JIT Strategy	Dr. Edie K. Schmidt, Purdue University; Dr. Kathyne Newton, Purdue University; Ben Robertson, Purdue University
Global Business Issues	Volume 2, Number 2 - 2003	Executive Scanning the Chinese Environment: Insights into Assessing Risk and Opportunities	Dr. Steven W. Thompson, Texas A&M University; M. Laura Kane-Sellers, Texas A&M University
Forecasting	Volume 2, Number 2 - 2003	Practical Forecasting Implementation	Dr. F. Barry Lawrence, Texas A&M University; Sivakumar Sellamuthu, Texas A&M University
Warehouse	Volume 2, Number 1 - 2003	Optimizing The Supply Chain: Use Of Automated Storage Retrieval Systems In Warehouse Management	S. S. Adhibhatla, University of Houston; G. B. Reddy, University of Houston
Technology	Volume 2, Number 1 - 2003	Technology Supplies: A Case Study	Kathyne Newton, Purdue University; Edie K. Schmidt, Purdue University
Supply Chain Systems	Volume 2, Number 1 - 2003	Supply Chain Systems Laboratory: Simulation of Supply Chain System in the Industrial Channel	F. Barry Lawrence, Texas A & M University; Bharani Nagarathnam, Texas A & M University
Marketing	Volume 2, Number 1 - 2003	Agility to Market: Variable Resource Management For The Electronics Industry	F. Barry Lawrence, Texas A & M University; Stephen Thompson, Texas A & M University; Ben Zoghi, Texas A & M University; Bharani Nagarathnam, Texas A & M University
Inventory Management	Volume 2, Number 1 - 2003	Estimating Ideal Turns For A Twelve-Class Inventory System	Warren Martin, University of Alabama at Birmingham; Robert Stanford, University of Alabama at Birmingham
Inventory Management	Volume 2, Number 1 - 2003	Inventory Consolidation: Setting Initial Stocking Levels	Edie K. Schmidt, Purdue University; Kathyne Newton, Purdue University; Michael Mancuso, Rockwell Automation

Authorized Distribution	Volume 2, Number 1 - 2003	A Framework To Quantify The Value Of Authorized Distribution In The Electronics Distribution Channel	F. Barry Lawrence, Texas A & M University; Daniel F. Jennings, Texas A & M University; Bharani Nagarathnam, Texas A & M University
Telecommunications	Volume 1, Number 1 - 2002	A Telecommunications Industry Primer: Understanding Related Market Segments to Foster Strategic Relationships	Timothy R. Obermier, University of Nebraska at Kearny; Ronald Tuttle, University of Nebraska at Kearny
Supply Chain Systems	Volume 1, Number 1 - 2002	Performance Metrics for a Connected Supply Chain	F. Barry Lawrence, Texas A&M University; Ramesh Krishnamurthi, Texas A&M University; Norm Clark, Texas A&M University
Knowledge Management	Volume 1, Number 1 - 2002	Insights into the Use of Knowledge Management Programs in Five Different Industrial Distribution Channels: Views from Manufacturers and Distributors in Electronics, Electrical, Plumbing, Associated Equipment and Building Material Channels	Daniel F. Jennings, Texas A&M University; F. Barry Lawrence, Texas A&M University; Smriti Gupta, Texas A&M University; Jon Parry, Texas A&M University; Nishanth Raj, Texas A&M University; Chandrakaladhar Vennapua, Texas A&M University; Joseph Munn, Texas A&M University
Inventory Management	Volume 1, Number 1 - 2002	Impact of Forecast Error on Supply Chain Costs	F. Barry Lawrence, Texas A&M University
Inventory Management	Volume 1, Number 1 - 2002	Estimating Turns for Inventory Classification	Warren Martin, University of Alabama at Birmingham; Robert Stanford, University of Alabama at Birmingham
E-Commerce	Volume 1, Number 1 - 2002	Value of E-Commerce in the Industrial Distribution Channel	F. Barry Lawrence, Texas A&M University; Manish Sinha, Texas A&M University; Scott Foster, Texas A&M University
Customer Relationships	Volume 1, Number 1 - 2002	Franchise Relationships Under E-Commerce	Gail Zank, Southwest Texas State University; Robert Vokura, Texas A&M University- Corpus Christi; Robert Davis, Texas A&M University
Authorized Distribution	Volume 1, Number 1 - 2002	The Value of the Distributor in the Evolving Supply Chain	Ramesh Krishnamurthi, Texas A&M University; F. Barry Lawrence, Texas A&M University; Behbood B. Zoghi, Texas A&M University
